

TECH & LEARNING NAMES WAGGLE BEST OF SHOW AT ISTE 2016

Waggle Celebrates Two Years with Second Consecutive Best of Show Win

NEW YORK, NEW YORK, July 18, 2016 – Waggle is pleased to announce that its adaptive practice platform, which adjusts the learning environment after every student interaction, has again been chosen by Tech & Learning as *Best of Show* at June's ISTE 2016.

This prestigious award honors the top products presented at ISTE, the leading education technology conference. Winners are scored by individual judges on quality and effectiveness, ease of use and creative use of technology. When the panel convenes, the products named *Best of Show*, are those believed to have the most impact in the classroom. Waggle will be featured in the August issue of Tech & Learning.

Back-to-School Enhancements

At ISTE, Waggle announced the first major updates to its student and teacher dashboards, as well as enhanced implementation services.

- Waggle's **new teacher dashboard** provides easier access to key learning information that teachers can use immediately. Includes Shout-outs, Leaderboard, and Skills Boosts.
- The **enhanced student experience** gives students clearer ownership of their own learning through My Progress views, historical views for achievement, and more.
- The redesigned **Waggle Works Care Team** provides advanced professional development, regular data reviews with schools, and ongoing customer care.

Waggle will also roll out **Google Single Sign-On (SSO)** this fall as part of a continued effort to respond to user requests.
